EXPERIENCE SILENCE AND COMFORT

Silent, yet Powerful.

The SilentPro Enso, with its all new aesthetics is designed to deliver high air delivery with reduced noise levels. The aerodynamic design of the ABS body reduces the air friction, thereby increasing the number of rotations per minute and assuring high performance in silence.

Experience Comfort.

At an air delivery of 240 CMM, SilentPro Enso delivers air comfort that rivals the best of the conventional fans available in the market. The fluidic seamless design of the blades is modelled to ensure high air delivery-delivering comfort to you when you need it.
